Save the date: annual National Night Out event is on August 7

The annual National Night Out event will be held in Concord on Tuesday, August 7 from 5-8:30 p.m. in Rollins Park.

National Night Out is America's night out against crime. This will be the 35th annual National Night Out being held across the United States. It is a community crime prevention program of the National Association of Town Watch, Inc. The annual event is held throughout the United States to promote cooperation between police departments and communities.

This event is designed to heighten crime prevention and drug prevention awareness; generate support for, and participation in, local anti-crime programs; strengthen neigh-

borhood spirit and police partnerships within the community; and send a message to criminals that neighborhoods are organized and fighting back.

This event is sponsored by, and supported by the Concord Police Department, Concord Fire Department, Concord Parks & Rec, Concord General Services, and many other local organizations and businesses.

The Concord community is invited to come and participate. There will be a variety of events at Rollins Park including food, music, bike safety information, animal displays and exhibits, contests, youth activities, Touch-a-Truck, rock climbing walls, a NH National Guard black-hawk helicopter, a Red Sox Showcase Experience, informational display tables, and more. Admission is free and all food and refreshments are only \$1. There will be a free shuttle from Rundlett Middle School provided by Havenwood Heritage Heights.

For more information about the event, or to get your organization involved, contact the Concord Police Community Resource Unit at (603) 225-8600 x3738.

Paving update from General Services

The final pavement overlay for Rumford Street and Sewalls Falls Road was completed this week.

GMI Asphalt continues to raise covers on Community Drive, High Street, and Cross Street, in addition to working on paving driveways and sidewalks. GMI Asphalt will start lowering covers on the following streets between Downing Street and Allison Street later this week: Dakin Street, Dunklee Street, Glen Street, Redwood Avenue, and Spruce Street. This is in preparation for reclaiming these streets next week followed by base pavement. Residents will have access to their driveways at all times during this work. On-street parking is prohibited between 7 a.m. and 5 p.m. during construction on these roads.
